

KID Museum Administrative Services Internship

About

KID Museum is a new type of children's museum in Montgomery County geared toward elementary and middle school-age children (ages 6-14) that focuses on cultivating the next generation's skills, aptitudes and vision to become innovative, empathetic leaders of the future.

KID Museum is built on three core themes:

- (1) *Engage* kids in imaginative and creative "maker" activities that integrate science, technology, engineering, math and art
- (2) *Encourage* kids to explore world cultures and appreciate diversity
- (3) *Promote* social responsibility and active global citizenship

In October 2014, KID Museum launched its first home in the Davis Library in Bethesda. This is a first step toward the museum's broader vision of establishing a permanent home in Montgomery County. The program space brings a nationally recognized model of hands-on STEAM (Science, Technology, Engineering, Arts, and Mathematics) programming along with an exploration of world cultures and global citizenship. KID Museum serves as an incubator for the 21st century skills children need in order to be successful.
