

# MUSEUM MAKERS

## SUSTAINED COMMITMENT AND INVESTMENT

Our children are tomorrow's innovators, leaders, and changemakers. It's imperative then, that we provide kids of all backgrounds with transformative learning opportunities that will pave the way for their future success—and the shared success of our community. KID Museum is doing just that.

We currently serve 55,000 people annually with discovery-driven programming that sparks creativity and innovation, and builds an interest in STEM (science, technology, engineering, and math) alongside art, culture, and social responsibility. A recent Harvard PEAR Institute study showed that students who take part in KID Museum programs experience significant gains in critical thinking, perseverance, STEM identity, and other essential "21st century skills"—exceeding the impact of other STEM programs nationally.

**47%**

students served  
from low-income  
families

KID Museum created Museum Makers in 2018 to sustain and grow its mission and impact. This opportunity is for individuals, corporations, and foundations who are committed to making a positive long-term impact on the community we serve.

By becoming a Museum Maker, you will help build and expand KID Museum's capacity to engage all kids, regardless of socioeconomic status, ethnicity, or gender, in transformative educational experiences. Your investment today will serve as an endorsement of—and foundation for—KID Museum's future home and its place as a vital resource for our community.

Serving  
**55,000**  
people annually

On track to serve  
**250,000**  
visitors annually in  
our future home
