

WHAT CAN I DO AT KID?

KID Museum provides a dynamic learning environment that inspires creativity, critical thinking, and innovation through hands-on STEM experiences for all ages. As a non-profit organization, we partner with schools, families, and businesses to engage and empower the next generation of makers and thinkers.

- **Sunday General Admission**
- **Skill-Building Workshops**
- **After-School Classes**
- **School Day Out Camps**
- **Summer Camp**
- **Birthday Parties**

ACCESS FOR EVERY MAKER

KID Museum is committed to ensuring that cost is never a barrier to a student, school, or family participating in our programs. Visit kid-museum.org/access-for-every-maker/ for free and reduced cost access to our camps, classes, and museum tickets.

FOR ADULTS & ORGANIZATIONS

Whether it's a team off-site or a fun outing, our programs let adults experience the magic of KID.

- **Adult Team Building**
- **Space Rental for Events**

FOR SCHOOLS & COMMUNITY GROUPS

- **Field Trips:** (K - 8th Grade) Dedicated time at KID with our Maker Educators to support students as they build skills, learn to think critically, and discover new areas of interest.
- **Invention Programs:** (2nd - 8th Grade) KID brings a standards-aligned, multi-week STEM experience to your students. Watch them get creative, learn from failure, solve problems, and work as part of a team as they create an invention to better their community or the world.
